About Me

I am a Computer Science student with 3 years of experience in full-stack web development and a growing interest in Machine Learning and NLP. Passionate about building modern applications, I aim to combine web development and AI to create impactful solutions.

Skills

- Full-Stack Web Development
- Machine Learning Engineer
- Data Science & NLP Student
- UI/UX & Web Designe
- Coding Language

Experience

- **Full Stack Web Developer**
3 years experience 2022 - 2025
I have experience in full-stack web development, having designed and developed responsive websites using React.js, Tailwind, and Bootstrap, as well as building REST APIs with Django REST Framework. My work includes implementing authentication, role management, and database design.
- **Machine Learning & Data Science**
(Beginner – Some Months Experience)
I have undertaken hands-on projects in Natural Language Processing (NLP) and utilized various Python libraries for data analysis and modeling.
